

Environmental Policy

Hampton Construction Services Limited (“Hampton”) accepts that its’ activities can directly and indirectly impact the environment. We are committed to protect the environment through good management and by adopting best practice wherever possible.

Hampton will meet and where possible exceed the requirement of all applicable legislation and regulations. Hampton will aim to integrate environmental considerations in all Business decisions and, where possible, implement greener alternatives in business operations.

Specifically, on all projects and activities Hampton will endeavour to:

- Comply fully with all relevant legal requirements, codes of practice and regulations
- Reduce the environmental impact of its operations and reduce the effects of noise, debris, disturbance and inconvenience
- Reduce the consumption of resources (energy, materials, packaging), where possible
- Minimise waste through a commitment to reuse, recover or recycle, where possible
- Ensure employees receive suitable training to enable them to deal with their specific areas of environmental control
- Encourage environmentally efficient travel and transport
- Work with subcontractors to reduce their environmental impact
- Monitor the environmental impact on projects to ensure improvements can implemented where needed

Hampton aim to ensure that good environmental management is implemented on all contracts and projects that it is involved in and will seek to demonstrate positive environmental commitment.

Hampton will communicate this Environmental Policy to all employees, and it will be freely available to customers, stakeholders and the general public through our website <http://hamptonconstructionservices.co.uk/>.

Signed:

Matthew Jolley (Managing Director)
